

BECOMING GÉNÉRATION MER !

A multidisciplinary community led by the French ministry of the Sea

The community brings together **more than 90 members**: scientists, NGOs, representatives of oceanographic institutes, adventurers, artists, and athletes

A strong foundation The charter of Génération Mer

In addition to a shared commitment to the sea and its coasts, the **values and objectives** shared by all members of Génération Mer are enshrined in a **Charter**, which was drafted and adopted at the beginning of 2019.

Raising awareness and engaging citizens

Raise a collective awareness by spreading information and knowledge, especially among sea users and the youth.

Engage citizens in actions organized or supported by members of Génération Mer.

Our founding members

OUR ACTIONS

To increase public awareness about the Ocean, Génération Mer puts forward different actions:

- produce thematic resource kits for wide distribution
- mobilize networks rooted in their territories to offer them marine environment awareness initiatives.

European initiatives and tools

Ocean Literacy With All

Developed by UNESCO, this portal contains many resources of every kind, for all audiences and in 5 different languages

[Ocean Literacy Portal](#)

The European Global Ocean Observing System (EUROGOOS)

EuroGOOS offers a wide range of tools in several languages for understanding the ocean environment.

[Knowing, loving, and protecting the ocean](#)

UN World Oceans Day

This website offers a page of resources (educational resources, stories, etc) on the Ocean.

[World Oceans Day Resources](#)

European maritime day

Every year, European countries organise events to raise awareness about the sea.
